

CPEC

California Postsecondary Education Commission

Access and Equity for All Students:
Meeting the Needs of Students with
Disabilities

Policy Recommendations

- Campus Climate
- Alternative Instructional Materials
- Professional Development
- Student Services

Campus Climate

- Strengthen transition process between high school and postsecondary education
- Provide community-based events to link students with community resources
- Inform faculty and staff of services available

Alternative Instructional Materials

- Create alternative learning environments
- Maintain contracts with braille vendors
- Ensure computer labs are equipped and up to date with new software

Professional Development

- Provide ongoing training to all faculty and staff including support staff, guidance counselors, veteran's affairs counselor's, health services staff, and more.
- Promote emerging strategies to minimize physical and learning barriers

Student Services

- Ensure that each campus has a veteran's affairs counselor available to students
- Ensure that each campus has an adequate pool of live readers, test assistants, and note takers.
